Activity Code	Description	Expense	Grants	Revenue
	<p>USDA: OHIO VALLEY LOCAL FOOD HUB PROJECT creates better market opportunities for local farms and better access for consumers to fresh, healthy, local food in the Ohio Valley Region. The project brings together food hubs in the region to increase producers' sales, increase the number of GAP certified or "Produce Rule" compliant farms and food hubs, and increase the consumption and access to locally produced agricultural products by institutions. The goals are to increase farms' sales that market through these local food hubs, to provide farm safety planning to producers and food hubs, and to increase consumption of local agricultural products to wholesale clients.</p>	85,355	72,556	91,682
	<p>ALL OTHER PROGRAMS: >> GU EVENT SERIES: A variety of one-time and on-going public events supporting or aligning with the organization's primary focus of advancing environmental sustainability in the Greater Cincinnati region. Public programs include Midwest Regional Sustainability Summit, Great Outdoor Weekend, and in 2020 a series of virtual forums focused on diversity, equity and inclusion in the regional environmental sector. >>GU IMPACT TEAMS: GU facilitates cross-sector collaboration with the goal of achieving policy and systems level outcomes that result in healthy people, landscapes and sustainable built environments. In 2020 the three Impact Teams supported were Greenspace (launching a mitigation tool to strategically identify land parcels for protection and conservation) Faith Communities Go Green (partnering with religious communities to create a more sustainable and equitable future for all by mobilizing their moral voice to reduce the risk of catastrophic climate change) and CPS Outside (working to ensure all Cincinnati Public Schools' students have equitable access to outdoor experiences and environmental education regardless of demographics, economic status or family support for such activities). >> CLIMATE POLICY: While climate change is a global issue, local governments end up absorbing many of the costs. Policies and programs to address climate impacts are often most effective at the local level, and more than ever local governments need more capacity to adapt and build resiliency. Greater Cincinnati will need more than its individual jurisdictions acting alone to adapt to heat, flooding and other environmental impacts; protect public health; reduce emissions; and foster an equitable and just transition to more resilient communities. Green Umbrella launched its Climate Policy work to facilitate collaboration among regional government leaders. We are equipping local governments with proven models, helping them tell their success stories and connecting them to each other through educational and convening opportunities.</p>	32,432	0	204,488
	<p>CROWN: The CROWN Capital Campaign is a vision to build a 34-mile urban trail loop around the City of Cincinnati. In 2020, Green Umbrella collaborated with two other local non-profits (Wasson Way and Ohio River Way) to raise local dollars to match state and federal grant funding to build out 24 miles of the CROWN trail network. The trail will be built over the next five years and funds will be expended as needed to serve as matching funds to leverage large grants. GU is fiscal agent and fiscal sponsor for the CROWN campaign, which is governed by a Steering Committee that makes decisions about how the funds will be allocated for trail projects, and other expenses required for fundraising, project management, administration, etc.</p>	50,020	0	1,657,648
